

Arctic Xtreme

WARNINGS & CARE

THIS PRODUCT DOES NOT PROVIDE BALLISTIC PROTECTION OR PROTECTION FROM SHARP OBJECTS

Adult Use Only

1. Although 15-60 seconds is all that is needed for relief, Do NOT run the pump longer than 2 minutes while attached to the Arctic Xtreme vest. Turn off for at least 2 minutes in between each use. If using the pump connector nozzle by itself (not attached to the vest), you can run it up to 10 minutes. Let sit 5 minutes before next use.
2. DO NOT obstruct vent holes or open source on pump which can cause the pump to overheat and could result in damage. You will know if this happens by a higher pitch noise coming from the pump while in use.
3. DO NOT prevent air flow from coming out of the connector end for extended periods while it's turned on as it can cause the pump to overheat and result in damage. You will know if this happens by a higher pitch noise coming from the pump while in use.
4. To avoid shock or damage, Do not expose to rain or liquids
5. DO NOT hit the magnets on a hard surface as it may cause shattering of the neodymium magnet(s).
6. CHOKING HAZARD- Do not allow children to play with vest, pump, electric cord or carrying bag . Adult use only !
7. The magnets on the connector and bottom of pump are strong neodymium magnets. Care should be taken when bringing near any metal objects.
8. Do not use the DC cord if it becomes damaged.
9. Do not insert objects into any part of the pump
10. Keep Magnets away from pacemakers and children

CARE:

- DO NOT wash the Arctic Xtreme vest in a washing machine. It's recommended to connect and turn on the pump system at end of your shift to evaporate residual sweat. You can wipe down the vest with a damp/wet cloth as needed.
- DO NOT put the Arctic Xtreme vest in a dryer.
- When removing the magnetic connector and pump while it's attached to metal, "PEEL" from one side and avoid pulling straight off.
- DO NOT "bunch up" or roll the Arctic Xtreme vest into a ball. Although made from strong and durable material, care should be taken when Arctic Xtreme is not attached to body armor to ensure lasting use.
- DO NOT set heavy objects on the hose or crimp it as damage could result.
